ARAI AUCTIONS MACHINERY AND MOTORCYCLE AUCTION-RELATED SERVICES AND FEES

Updated on December 2, 2023

Service	When to request	Fee (per unit)
Preview Service (Text/Pictures) Our team will inspect the condition of the machines you are interested in before the auction commences. Each unit allows a maximum of 5 item inspection requests.	Before or after auction	2,000 JPY
Preview Service (Video) Our staff will record a video clip of the machine you are interested in before the auction begins, providing you with a more in-depth understanding of its features.	Before or after auction	5,000 JPY
Confirming EPA sticker The EPA, or United States Environmental Protection Agency, establishes emission standards. We will verify the presence of the EPA sticker on the machines you are interested in and promptly inform you of our findings.	Before or after auction	2,000 JPY
Negotiation request We welcome negotiation requests for unsold machinery from the auction. Please submit your request on the website within 30 minutes after the auction concludes. A fee will only be charged upon the successful completion of the negotiation.	During auction. Within 30 minutes after the auction of each unit end	5,000 JPY
Confirming Engine plate or serial number We will confirm the engine plate or serial number of the purchased machine and provide you with a photograph. Please note that the service fee will be charged regardless of whether the engine number is found.	After auction	2,000 JPY
Cleaning frame number We will clean and clear the paint on the frame number of the machine you purchased and provide you with a photograph.	After auction	2,000 JPY
Document Cancellation If the machine you have won comes with a number plate, we will initiate the cancellation process for the number plate and related documents before shipping. This process is necessary, and the fee will be charged automatically without a request.	-	5,000 JPY
Issuing Certificate of Origin (C/O) We can issue the Certificate of Origin (C/O) for your purchased machines and send you the PDF document via email. Alternatively, upon request, we can dispatch the document via mail using DHL service (delivery fee of 11,000 JPY~ will be charged).	After auction	Handling Fee 3,000 JPY Delivery Fee From 11,000 JPY
Repair Service (Outsourced) In the event of any issues arising with the purchased machines during the export process, requiring repair before shipping, we will engage a mechanic (outsourced) to provide the necessary minimum repairs for exporting. The charges will vary depending on the conditions, parts price, and hourly wage.	-	From 28,000 JPY + 10% Tax Hour wage: 8,000 JPY/hour

To make a request, please contact us via email, LINE, Messenger, or WhatsApp. Additional service fees will either be included in the invoice for each transaction, charged separately or added to the invoice of subsequent auctions.
